CITY ITEMS.

The Weather .- We were visited, last night, by heavy rain storm, which began to fall between five and six o'clock, p. m., and continued with certain intermissions during the whole night. It blew at times "big guns," as the " Salts of the Ocean" call a very high wind, but the weather moderated towards morning. To-day has been a soakey, but astonishingly warm, the wind blowing from the southward, with a balmy feel like that of spring.

Some auction sales that were advertised to take place this day did not come off on account of the rain. But whether their postponement was "judgmatical" may be doubted. We obser ed in one instance, a large number of people, all at the house where the sale was advertised to take place, go away much amazed to find the place shut up, and vet no notice placarded that the auction was postponel until another day. We conceive that the better plan is to let a sale come off when once advertised, sunshine or rain; such a course would have the effect of making those who intend to go panetual, and of rendering the auctioneer certain of an atten lance, whatever might be the weather. Indeed. there are no class so handy in braving the weather as those who are hunting after bargains at auctions The most delicate ladi s will sometimes venture out to purchase an old broken piece of china, heedless of the pelting storm, and be confined for a month afterwards to a sick room.

A Post Office Bonfire .- On Monday last, according to the usual custom, the unclaimed letters lying at the various post offices, which have been there for some time, and which are called dead letters, were all destroyed. They were taken to the ne gliborhood of the spot where the National Monument is in course of erection, and there a large bonfire was made of them. Some idea of the quantity may, perhaps, be conceived, when we state that they filled nine hundred and forty-two bushels. Thus were consigned to the flames the epistolary effusions of many a joyful and many a sorrowing heart, the billet doux of the lover, and the laconic epistle of the merchant, the stern demand of the dun, and the entreating request of the debtor, the affectionate epistle of the loving mother and wife, and all those outpourings of the heart, only shown upon paper to the nearest and dearest of ties. They had been uncalled for, they were dead letters, and now, by the Post Office fiat, they were doomed to destruction. It is a good custom, that the prying eye of inquisitive curiosity, beyond the need of official knowledge, should not reach into the secrets of the others. By all means let them be destroyed. The ancient burned to cinders their dead relatives, and why should not we our dead letters. Will no one write their epitaph? "Alas poor Yorick."

Serious Accident .- Yesterday between 8 and 9 o'clock in the morning, a lad by the name of George Wool, who is employed at the Eagle Foundry and Machine Factory of Ellis & Brother, near the Canal, at the corner of 13th and B streats, met with the following serious accident: It appears that he was employed in oiling the shafting and pulleys of the machinery. when he stumbled off a step ladder on which he was standing, and was precipitated head foremost to the ground; in his descent, striking the back part of his head against a lathe that lay in the way. He was picked up insensible, having been hurt very badly, we are not certain. A doctor was sent for, who expressed some apprehensian that a concussion of the brain had resulted, as he was at the time very delirious. He was afterwards removed home to his mother's residence, in the neighborhood of the Navy Yard. She is a widow, and employed in the Hospital

Masonic.-The Free and Accepted Masons of the District of Columbia, it is said, are about to erect a new Masonic Temple for the use of the brethron of the craft. On Tuesday night, a meeting was held of the Masons in their lodge-room, at the corner of Tenth and E streets, when a committee of five members was appointed, to select a lot, and report the ways and means of erecting a new temple. B B. French, Esq., was appointed chairman of the above, and it is their intention to address a circu'ar letter to all the Masonic lodges throughout the country, soliciting their aid and co operation, by subscription or donations, to enable them to erect an propriate Masonic Temple in the National

National Theatre.-The popular comedy written by Mr. Sperry of Baltimore, entitled "Extremes," is having a very successful run at the above Theatre. To-night it will be played again, being its fourth representation, to be fellowed by the favorite and laughable farce of "The Luzzards."

The Caplineniary Dianer to the ibm. Henry May is to come off, according to arrangements made by the committee of citizens of Washington having the sifair in charge, at the National Hotel, on the 25th instant, at 7 o'cleck p. m.

All persons desirous of participating in this expression of respect and esteem for a late fellow townsman, now occupying a high public position, are informed that they can become subscribers, by applying to any of the gentlemen composing the Committee of Arrangements.

Handsome Treatment,-The following instance of liberality on the part of the proprietor of the United States Hotel, at Philadelphia, towards those of the D. C. Delegation to the Convention of Veterans of 1812, who put up at his house, is deserving of the highest commendation. On the delegates calling for their bills, the following account was handed to

To U. S. Hoies, Dr. For three days' boarding \$6. Received payment in full by gallant service in the war of 1812. C. H. MILLER. PHILADELPHIA, January 10, 1854.

Baltimore Correspondence. BALTIMORE, January 11-10 P. M. An instance came under my observation to-day, which is worthy of note. I refer to it, that others may go and do likewise, for the result is happiness. An elderly and indigent lady, upon whose venerable head is registered three score and ten years, is the object of the benevolent act. Her declining years were pressed by the hard hand of misfortune, and penury at her very door. In this condition-poor, honest, good, but distressed-was she found by two gentlemen, who, being excited to sympathy in her behalf, exerted themsalves towards getting her ad-mission into the "Aged Womens' Home," a most admirable institution now existing in our city. The sum of one hundred dollars, only, was required, giving her a life admission, where the balance of her lays may be spent in ease and comfort. The matter was represented to a few friends, the required sum soon raised, and ere long this good old lady will be placed beyond the rude, hard chafings of an unfeelng world. She has been raised from poverty to wealth, because the residue of her life is made independent in temporal matters of stern necessities. Wao knows how much real happiness this isolated act may have produced in that old heart. Her blessings will be worth more than the empty flattery or au lations of Kings, Queens, Princes and Emperors. would rather die with the innate consciousness of having done something towards producing such results, than to have upon the grave's brink, Napoleon's fame or Alexander's greatness. How many a poor sufferer might be brought into the realization of happiness, were we but to think and act in their behalf. It gladdens the heart and lends to loneliness

There are rumors of a duel being on the tapis, between two of our young bloods. The matter, however, has not yet come to a head. I shall refrain from giving particulars which lead to the difficulty. Don't be surprised, however, if you hear of some arrests, or wild-goose chases.

I am told that quite a novel entertainment is shorty to come off in our city, a la New York. A party of young gentlemen, intend giving a splendid sup per, at Grey's Monument House, to a rich young widow, flourishing at present in Baltimore. This custom has prevailed for some time, and to a considerable extent in the Empire City, and it is to be regretted that the Monumental is about aping it. The fair guests, it is asserted, in course of time, by careful training, become quite expert at tippling a glass of brandy, flourishing a song or sentiment, making an extempore speech, or measuring bumpers.

There is no better time than the present to urchase your supplies of Fall and Winter clothing. To those in want of superior or low-priced apparel, we would urge the prudence of visiting the popular establishment known as NOAH WALKER'S MARBLE HALLCLOTHING EMPORIUM, Brown's build ing, where they can be suited with every variety and style of clothing. Their beautiful and well selected tock, consists in part, of fine black and fancy colored cloth frock, sack and dress coats; superior plain and fancy cassimere business frocks and sacks; rich talmas, paletats and sack overcoats; with the best selection of fine black doeskin and fancy cassimere pants, cut velvet silks, satin, cassimere and plush vests. Also, shirts, collars, drawers, socks, cravats, handkerchiefs, suspenders, gloves, undershirts, &c. All of which they will sell lower than any other house in this or any other city. We would also call the attention of ladies to their complete assortment of Boys' Clothing. A large supply of servants' wear

AN OUNCE of fact is worth a pound of theory : and the swarm of conclusive facts that cluster around that incomparable preparation, Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia. establishing its value as a tonic and restorative, are such as wou'd prevent incredulity itself from questioning its efficacy. In all cases of disease of the stomach, whether acute or chronic, it may be recommended for its soothing, cordial, and renovating influence. Dyspepsia, heartburn, loss of appetite, nau-sea, nervous tremors, relaxation and debility, &c., are relieved by the Bitters in a very short space of time; and a perseverance in their use never fails to work a thorough cure.

CONSUMPTION AND SPITTING BLOOD .- See the certificate of Mr. Turner H. Ramsey, for many years proprietor of the Farmer's Hotel, Fredericksburg, a, and late of the City Hotel, Richmond, Va. Dr. John Minge, of the City of Richmond, though a regular physician, and of course opposed to what he called quack medicines, was obliged to say that its good effects in the case of Mr. Ramsey, were won-He had been given up by several physicians; bad

tried most of the quack medicines, and was on the verge of despair, as well as the grave, when he tried Carter's Spanish Mixture. We refer the public to his full and lengthy certificate around the bottle, stating his cure.

Root & Co's Gallery, Pa. avenue, near 7th street. jan 4-dtf WHY HAVE WE TWO EYES!-That was the question which Mr. WHEATSTONE entrapped nature into answering, in the new theory of vision. In June, 1838, Prof. WHEATSTONE detailed the true theory of binocular vision, together with a description and diagram of his illustrative apparatus, which

he first called the STEREOSCOPE, (after two Greek words, meaning "Solids, I see,") for which, in 1840, he was awarded the Royal Medal. Its practical utility has been overlooked, until very recently it has been applied to Daguerrootypes. WHITEHURST has introduced some valuable improvements in the angles and also in the coloring, by which they supersede anything we have yet seen in Photography. We advise all who have not seen them to call at his Galery, over the store of Duvall & Bro., near four-and-The inimitable THOMPSON is daily engaged

His pictures, as Pope said of his friends, "Will bloom in their colors for a thousand years?" His Gallery is on Pennsylvania avonue, between 41% and 6th streets. Try him.

Now is the time.—The display of daguerreotypes at PLUMB'S GALLERY, Pennsylvania avenue, is truly magnificent. The proprietor is doing a handsome business, and hundreds are delighted with the splendid pictures they obtain there. Let it be duly remembered and patronized.
